

La Alhambra Board of Trustees

GRANADA

In 2014, Talher strengthened its position as a company to be trusted for the cleaning and conservation service of exterior spaces for the Board of Trustees of La Alhambra and El Generalife, a highly significant contract, as the site is most visited monument in Spain. To achieve this, special attention was paid to lowering noise levels so as to reduce the impact of the sound of any machinery that might bother visitors. Guarantees were also given that when staff take holiday time, their positions are covered by trained staff replacements.

As a result of these measures, and of the quality of the service provided and the special care that went into the design of the livery of the vehicles and the uniforms, matching the company's desired image, the contract was renewed through to 2015.
