M<sup>2</sup> OF KITCHENS

Clece renewed its contract for catering services to two centres for dependent minors at the Foundation Canaria de Juventud, IDEO, CEMJ Valle Tabares in Tenerife and CIEMI La Montañeta in Gran Canaria. The renewal demonstrates client satisfaction with the service provided by Clece since 2009. Our team's high level of commitment and our ability to tailor our offer to user preferences have been key factors in achieving this continuity.

Across the two centres, Clece provides a team of nine people, three of which come from socially vulnerable collectives. Covering 150 square metres, our kitchens serve five meals a day to 150 people, 95 in Tenerife and 55 in Gran Canaria. Thanks to the quality and tailoring of our service to minors, we have achieved high levels of user satisfaction.
